"The Lunch Bunch"

Bernard Collins 1921-1977

The memories Mr. Bernard Collins left for us after his death will remain forever close to those who knew him. He was a teacher of amazing ability and tremendous dedication. In addition to being an active community spokesman, a mechanic, pilot, draftsman and devoted family man, he was a friend whom you could trust.

His love of life and people was contagious. He regarded his students as individuals with whom he shared his vast knowledge of many subjects.

We in the Nauset Region will always be grateful for those many years he shared with us.
